

Nostalgic Entertainments offer a wide variety of fantastic and professional services to consider when making your booking. Mostly our clients are looking for that perfect blend of music and atmosphere a Disco provides but sometimes that just isn't enough!

PROFESSIONAL WEDDING/PARTY DJ

Our prompt and reliable DJs have been in the business for years. Whether they are an ex/current nightclub DJ or born and bred mobile DJ, they understand the importance of your occasion. Whether you are planning a Wedding or a Birthday, the DJ will ensure you and your guests have a party to remember. Therefore you can relax and leave all the responsibility to the DJ to deliver.

All our DJs have an exploding rig, meaning we invest heavily into our equipment! Together with a quality sound system, brilliant lighting including lasers, smoke machines (if allowed by venue) and flame lights, forms the ultimate show.

Our music collections would put some radio stations to shame with everything from the 50's to the present. Don't forget "Nostalgic Entertainments" means what it says on the tin. Throughout the evening there will be music to please everyone taking you down memory lane with tune after tune including music for the kids! Not forgetting slow dances and classic sing-alongs near the end.

We also cater for special sets which we find our customers are demanding more often now. Some customers have been asking for specific special sets of music for one hour near the end of the party such as club classics, house, RnB, garage, old skool, indie and so on. Please let us know if this is something you wish to include at no extra cost.

Nostalgic Entertainments also cater for children's parties or an occasion where a small show for the kids is required with family/adult disco thereafter. Our DJ's have plenty of fun games to keep the kids entertained in which the show normally lasts for around one hour to an hour and half.

Please note, a set price is based on a typical 7pm to 12pm finish (5 hours only). Sometimes our services are required earlier during the day for dinner music for example which would be £25 per hour extra. If the venue has a license till after 12am this would be an additional £40 per hour.

KARAOKE – PRICE £30 EXTRA

For just £30 extra you can add the Karaoke Package to your Disco. We have all enjoyed a song or two in the past when that urge comes round to sing like Frank Sinatra or Lulu! Again, our Karaoke collection includes everything from the 50s to the present with all the books, slips, pens, screen and mics! A real party talker!

PROFESSIONAL LIVE SOFT ROCK/INDIE BAND - 4Kicks

Nostalgic Entertainments are proud to be working alongside the one and only 4Kicks. A family 4 piece band who love nothing more than to jam to perform their favourite covers. Some functions require that extra dimension of entertainment and what better than to have live musicians creating that alternative party atmosphere a band can only create. Their covers range from classic rock such as Sweet Child of Mine to new rock such as Sex on Fire. Not forgetting their indie classics such as Parklife to new indie classics such as Arctic Monkeys. For those extra special guests, the lead singer may serenade the crowd with their fantastic covers! These guys can perform upto two, 45 minute sets or whichever you prefer, working together with the DJ to provide a smooth show of entertainment and music throughout the evening.

Please call 07708775910 or email info@nostalgicdj.com for availability

PROFESSIONAL PARTY BAND - TOTALLY 80's

Our Very Premium and Successful 7 piece PARTY BAND will take your occasion to another level! Based in Essex they are very popular with local prestige venues and are booked out time and time again! Therefore, you can attend one of their gigs and see for yourself the electric and fun atmosphere this band creates which is priceless!

Performing classic hits from the party decade of the 80's such as, Wake Me Up Before You Go Go, Hey Mickey, Relax, Never Gonna Give You Up, Gold, Spin Me Round and so much more. These professionals can cater for two hours' worth of party music either as a straight two hour set or two one hour sets. The band also provides complementary balloons, badges and glow sticks for the roaring audience!

Two lead-singers, two lead guitarists, one bass guitarist, one drummer and one electric pianist form the ultimate party show. So whether you're planning a Wedding or Corporate Function this band caters for either. The band is very large and therefore if working with a DJ more spacing would be required. Again, both the band and DJ will work together to provide a smooth show of entertainment and music throughout the evening.

The calibre of this band can only be described as Totally 80's!

If you would like our band to perform at your event and you would like more information, please call 07708775910 or email info@nostalgicdj.com
